Organizational Overview

About the Organisation

KK Bhedru Charitable Trust, officially known as the Chaudhari Kalabhai Khetabhai Bhedaru Bhagat Charitable Trust, is a distinguished non-profit organization established in 2014 and is registered & based in Gujarat, India. We are dedicated to improving the lives of underprivileged individuals, particularly focusing on the educational advancement of children from low-income families. We work with varios stakeholders for the advancement of underpriviledged ones.

Introduction

Our organisation has also established a theory of change with clear structures of social change to improve the lives of underprivileged children and communities by having a massive impact in the educational sector. The challenges that humanity has to 'solve' include hunger, poverty, gender discrimination, poor health facilities, unavailability of clean water, sanitation, and inequality in quality education; the mission undertakes to address these issues, hoping to establish equality for the less fortunate. We work in compliance with the UN Sustainable Development Goals, meaning that our practices are aimed at fulfilling these global goals to help solve the critical issues faced by the world.

Our Mission and Vision

Mission

- By 2025, educate over 800+ underprivileged children, nurturing their potential for a brighter tomorrow.
- Establish more than 300 women-led enterprises by the end of 2025.
- Associate with over 5,000 grassroots NGOs by 2025 to collectively address social issues, creating a ripple effect that transforms communities and lives.

Vision

- Implement inclusive vocational training programs.
- Raise awareness about health and well-being through educational initiatives.
- Provide access to quality education for women.
- Foster economic empowerment through skill development and training opportunities to women.

Our Founders

Mr. Laljibhai Patel
Founder & CEO, serving since
2000 through various activities.

Mr. Dineshbhai PatelMember since 2019.

Mr. Bhadrabhai Patel Board Member since 2014.

Mr. Bharatbhai Chaudhary Secretary since 2014.

Women Empowerment

Through self-help groups and vocational training programs, our organisation empowers women to achieve financial independence and self-sustainability, thereby uplifting entire communities. By providing resources, education, and support, we enable women to start and manage their own businesses.

The Trust has empowered over 500 women to become entrepreneurs, giving them the tools and confidence to create and sustain their own ventures. Additionally, we have facilitated employment-oriented training for more than 600 women, promoting financial independence and enhancing their job readiness.

Moreover, the establishment of two learning centers has positively impacted the lives of over 250 women annually, providing them with continuous learning opportunities and a supportive environment to thrive.

Through these initiatives, our Organisation is committed to fostering an environment where women can flourish, contributing to the overall development and upliftment of their communities.

Chilld Protection

- 1. Combating Child Labor: We help prevent children from being forced to work, ensuring they can go to school and enjoy their childhood.
- 2. Preventing Child Marriage: We educates communities to stop early and forced marriages, protecting young girls from this practice.
- 3. Fighting Human Trafficking: We raise awareness about human trafficking, support rescue efforts, and help children who have been affected by it.
- 4. Addressing Abuse: Our organisation helps children who have been abused by offering counseling and legal support, and works to create safer environments for them.
- 5. Preventing Foeticide: We work against the illegal practice of aborting a fetus based on its gender, especially targeting female foeticide, promoting the importance of gender equality and the legal consequences of this practice.

Quality Education

1. Educational Support for Low-Income Families:

Our trust helps students from low-income families by providing financial assistance and resources necessary for their education. This support includes school fees, uniforms, books, and other educational materials.

2. Illuminate Their Dreams Campaign:

This project focuses on empowering underprivileged children by providing them with "Dream Kits." These kits contain essential school supplies like stationery, school bags, and uniforms, as well as nutritional items to support their physical and mental development.

3. Customized Learning for Special Needs:

For children with unique needs and mental challenges, our organisation aims to provide a customized learning experience. This ensures that every child, regardless of their abilities, receives the education they deserve and can thrive.

Campaign

Customized Learning for Special Needs

4. Establishment of Educational Centers:

We have set up educational centers in areas where access to quality education is limited. These centers aim to provide a conducive learning environment and quality teaching to help children excel academically.

5. Scholarship Programs:

To encourage higher education, we offer scholarships to deserving students who show academic promise but lack the financial means to continue their studies. This initiative aims to break the cycle of poverty by enabling students to achieve higher education and better job opportunities.

6. Community Engagement and Awareness:

Our organisation engages with local communities to raise awareness about the importance of education and to encourage parents to send their children to school. By involving the community, they aim to create a supportive environment for children's education.

Health Campaigns

- Camps: trust organizes Health Our ophthalmology camps to provide eye check-ups and treatments. Ιt also conducts general health camps diagnosing various diseases, particularly focusing on rural areas where healthcare access is limited.
- Hospital Management: The trust manages and maintains healthcare facilities aimed at providing affordable medical services to underprivileged communities.
- Disease Awareness: Public health awareness campaigns are conducted to educate people about preventive measures and the importance of early diagnosis and treatment of diseases like diabetes and hypertension.

Environment Sustainability

- Our effort in sustainable farming aimed at teaching farmers earth-friendly methods. This involves using techniques that benefit both the environment and us. Through training sessions, farmers learned how to reduce the use of harmful chemicals, ensuring healthier crops and safer land. This not only supports the farmers but also ensures our communities have access to nutritious food.
- In addition to sustainable farming, we actively engage in plantation and cleanliness activities to contribute to a healthier environment for our communities. These initiatives involve clean-up drives and awareness campaigns to keep our surroundings clean and green.

• Our environmental sustainability efforts align with the United Nations Sustainable Development Goals (SDGs).

Animal Welfare

- In our commitment to animal welfare, we execute impactful programs. Our initiatives includes providing essential support and medical treatment for street animals affected by accidents, feeding programs to address hunger among street animals, ensuring their well-being.
- Simultaneously, awareness campaigns emphasized responsible ownership, promoting ethical treatment.
 These efforts yields positive outcomes, reaching hundreds of street animals with crucial care and medical support.
- Our feeding initiatives contributed to a healthier street animal population, while awareness campaigns instilled a sense of responsibility among pet owners.
 Our dedication to animal welfare reflects in our results, creating a more compassionate animal environment for our furry companions.
